How to advance in the sport of figure skating or hockey?

Our lessons are a part of the Learn to Skate USA program. This is National program with a graded curriculum. Our instructors are certified and professionally rated, are well versed in teaching and developing skaters. Please consult one of them with questions or the program director, Craig Bodoh so that your questions may be answered. Our goal is to ensure your skater develops skills while having fun out on the ice.

What is the WFSC?

WFSC is the Wisconsin Figure Skating Club and is the organization that runs these Monday night lessons. The WFSC is the largest skating organization in the State of Wisconsin and assists skaters in achieving their skating goals at whatever level. There are many different disciplines in the sport of figure skating and our program is the foundation for participating in them.
